

Tanning

unisex

Our spray tanning is called Naturasun. This system is fantastic because there are 6 basic colours that can all be inter mixed to provide you with your perfect blend. We can achieve a natural glow or a deep tan.

We recommend once having your Naturasun service to leave your tan for at least 12 hours and if possible over night before showering, this allows your tan to develop fully.

Please exfoliate, wax or shave and moisturise the night before.

Do not wear deodorant, perfume or make up.

Wear or bring dark loose clothing to your appointment.

Fully body application - £25.00
